

Key Vocabulary

Dribble, support play, attack, defence, passing, receiving.

In this unit, children will learn and practise skills and strategies used in football teams. This will include ball control, moving with the ball, passing and general attack and defence techniques. It will culminate in playing a match as a team.

Key Points of Learning

To dribble, control and maintain possession of the ball in a competitive situation.

Use passing and dribbling to advance the ball towards an opponent's goal.

Recognise and practice different strategies for attack and defence.

Use the skills learnt to play in a match.
