

Learning about the features of a castle, children design and make one of their own. They will also be using configurations of handmade nets and recycled materials to make towers and turrets and constructing a base to secure them

Key Points of Learning (RAG at end of each session)

- Designing a castle with key features to appeal to a specific person/purpose.
- Drawing and labelling a castle design using 2D shapes
- Constructing a range of 3D geometric shapes using nets
- Creating special features for individual designs
- Making facades from a range of recycled materials
- Evaluate own work and the work of others based on the aesthetic of the finished product and in comparison to the original design
- Suggesting points for modification of the individual designs
- To understand that wide and flat based objects are more stable
- To understand the importance of strength and stiffness in structures

Castles can have lots of features such as towers, turrets, battlements, moats, gatehouses, curtain walls, drawbridges and flags.

Did you know?

Windsor Castle is the largest castle in England.

It is one of the three homes owned by Queen Elizabeth II.
