

Geography Unit 1: Journeys - Trade

Key Vocabulary

- Import
- Export
- Trade
- Raw materials
- Man-made
- Native
- Season
- Biome
- Climate
- Recycle
- Rreuse
- Fair trade
- Import
- Export
- Raw material
- Country of origin
- Producer
- Retailer
- Consumer
- Trade
- Sustainability

Overview

In this unit, the children will find out about the UK's global trade links, investigating where everyday products come from and the journeys they take to our homes. This builds on work done in KS1 looking at the geography of food. The children will also map the journeys taken by items, and research the pros and cons of buying local or imported goods.

Key Points of Learning (RAG)

- To understand that our food and clothes can come from all over the world
- To understand that each type of fruit grows in particular climatic conditions and in a particular season, and that fruit may have to travel long distances to reach our fruit bowl
- To understand that clothes can be produced fairly and sustainably, and to understand that unwanted clothing may be recycled and processed
- To investigate locally made and grown products available in our area, and to investigate locally imported products available in our area
- To understand the perspectives of a range of people on geographical issues, and to understand that what people buy affects the lives of others

Questions I want to investigate now...
