Dear Parent

School Milk Scheme

Every child under the age of 5 is entitled to free school milk and every child over the age of 5 is entitled to milk at a subsidised price of around £14 per term.

If your child is under age 5 there is nothing further for you to do at the moment, we will arrange for their free school milk to be delivered for the start of term 1.

When your child reaches age 5 you can apply for milk at a subsidised rate via www.coolmilk.com. This is completely optional and you are not obliged to take up the scheme.

All payments for subsidised milk are made directly to Cool Milk and all communication should be between yourselves and Cool Milk should you have any queries.

Yours sincerely

R Bamber
Head Teacher
