

# Unit 1: Art and Design Skills

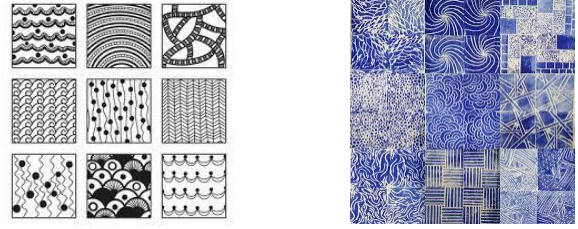

## Overview

In this unit, children find out will develop design, drawing, craft, painting and art appreciation skills; create zentangle patterns and prints, paint in an impressionist style and explore the work of Edward Hopper.

## Key Points of Learning (RAG at end of each session)

- To research and adopt the style of a famous group of painters. To know some of the motivations and techniques of impressionist and post-impressionist painters ( Monet)
- I can paint skillfully by mixing complex colours
- I can apply the paint in the style of Claude Monet
- I do not leave any white areas within my painting
- To use repeated patterns to create artwork
- To create a repeated pattern through printing
- To design and make a prototype as part of a group
- To analyse and evaluate artwork

## Questions I want to Investigate now ...
